A PATHWAY TO INCLUSIVE OWNERSHIP

Financing, networking and education opportunities for Hilton hotel ownership.

Unlocking Doors

A PATHWAY TO INCLUSIVE OWNERSHIP

Financing, networking, and education opportunities for Hilton hotel ownership.

The hospitality industry is a powerful engine of opportunity for entrepreneurs dreaming of owning and growing their own businesses and creating jobs in their communities. Hilton is proud to announce the creation of “Unlocking Doors: A Pathway to Inclusive Ownership,” a program designed to support new and aspiring hotel owners on their journeys to hotel ownership.

Access to Capital:

Through an exclusive partnership with Bridge by Foro, a first-of-its-kind in the hospitality industry, this digital platform will ease access to capital, providing existing and potential owners and suppliers with financing opportunities through a diverse group of lenders, including minority owned banks across the country.

Networking:

With a focus on entrepreneurs who are new to the hotel industry, the program will focus on providing support to early-stage hotel owners with opportunities to network with Hilton executives and fellow owners at industry events.

Education:

The Key: An Introduction to Hotel Ownership provides prospective owners with insights and information on the ownership and development processes at Hilton.
